

Per ride publish: 1 *rides* row + 1 *wxgroup_notice_record* row + 0 notifications + 0 group rows (created lazily on first booking, see mbe_b4 / mbe_c1)
Sibling outreach paths: marketplace.controller.js:70 (62 of 82), activity.service.js:147 (4 of 82). All converge on wxgroup_notice_record as the same queue.
