

CampusRide knowledge graph — 100 papers, 5,044 paper→paper edges

Force-directed layout. Node colour = category (A-J), node size $\propto \log(\text{citation count})$. Background grey = sampled conceptual_overlap (120 of 2,542 shown for legibility); purple = methodological_mirror (80); gold = builds_on/extends (6); red dashed = contradiction (16). Top-3 most-cited papers labelled.
